The Blue dial features a “Grande Tapisserie” pattern with blue counters, white gold applied hour-markers and Royal Oak hands with luminescent coating with the blue inner bezel.

Paired with a Blue ceramic bracelet with an AP folding clasp in blackened polished steel. The blue watch has a 41mm case and a 9.5mm in height.

Watch Collection of the Crown Prince of Ajman - Rolex Day-Date 18239 "Coral Red"

Day-Date 18239 "Coral Red" in 18k white gold

Market price is around \$175,000.

Watch Collection of the Crown Prince of Ajman - Royal Oak Perpetual Calendar in White Ceramic 26579CB

Watch Collection of the Crown Prince of Ajman - Royal Oak Perpetual Calendar in White Ceramic 26579CB

Another Royal Oak he has is the 41mm white ceramic Royal Oak Perpetual Calendar featuring the day, date, month, astronomical moon, and week of the year. The leap year indication, pioneered by Audemars Piguet in 1955, is also featured on the blue Grande Tapisserie decorated dial.

This Audemars Piguet Royal Oak Perpetual Calendar White Ceramic has presence and a certain elegance with its casual, sporty, summery style. Instead of the understated elegance of a Calatrava, its elegance is appealing and alluring. Ceramic allows you to enjoy its lightweight, immaculate white personality without worrying about damaging the surface with scratches thanks to its great solidity, scratch resistance, and light weight.

The white watch that [John Mayer](#) and [Ed Sheeran](#) also have was introduced in September 2019.

Retail price: \$93,900.

Watch Collection of the Crown Prince of Ajman - Royal Oak Flying Tourbillon Salmon Dial

Watch Collection of the Crown Prince of Ajman - Royal Oak Flying Tourbillon Salmon Dial

In the picture, his Highness wears the very special 25 pieces limited 'Middle East Edition' 41mm Audemars Piguet Royal Oak Tourbillon Extra-Thin, in stainless steel.

The salmon-colored dial features white gold Eastern-Arabic numerals and displays the "Evolution Tapisserie" pattern emanating from the center of the tourbillon. How do you like it?

Retail price: \$170,000.

Watch Collection of the Crown Prince of Ajman - Rolex Daytona with a 'Quraysh Hawk Dial'

Watch Collection of the Crown Prince of Ajman - Rolex Daytona 6263 with a 'Quraysh Hawk Dial'

The Rolex Daytona Chronograph 6263 in 37,5 mm stainless steel with a "Quraysh Hawk Dial" that was built for the late ruler of Dubai, Mohammed Bin Al Maktoum Rashid, is being worn by the Crown Prince of Ajman.

The United Arab Emirates began ordering timepieces from Rolex to offer as gifts to "important" persons around the beginning of the 1970s. You can see the hawk's feet perched on top of the 'Mohammed bin Rashid Al Maktoum' signature on this example's distinctive dial. The Emir's name is likewise signed above six o'clock.

Cost: extremely difficult to estimate, however, a recent auction saw an example go for \$700,000 USD.

Watch Collection of the Crown Prince of Ajman - Rolex 'Pepsi' 126710BLRO

Watch Collection of the Crown Prince of Ajman - Rolex 'Pepsi' 126710BLRO

Not only he has rare watches in his collection, but he also has common luxury watches such as the Rolex GMT-Master II 'Pepsi' 126710BLRO on a jubilee bracelet.

This model features a black dial and a two-colour Cerachrom bezel insert in red and blue ceramic. Designed to show the time in two different time zones simultaneously during intercontinental flights, the GMT-Master II has come to be recognized for its robustness and versatile appearance.

Market price is around \$22,000.

Watch Collection of the Crown Prince of Ajman - Perpetual Calendar 5271P 'Blue Sapphire'

Watch Collection of the Crown Prince of Ajman - Perpetual Calendar 5271P 'Blue Sapphire'

Of course he also has Patek Philippe watches, and this is one of them: the Perpetual Calendar 5271P 'Blue Sapphire' in platinum.

It features a blue dial paired perfectly with the 80 baguette-cut blue sapphires (5.16 cts) across its case and folding clasp.

This timepiece was released almost at the end of 2022 together with the red version set with baguette-cut rubies.

Retail price: \$ 335,500.00

Watch Collection of the Crown Prince of Ajman - Richard Mille 26-02

Watch Collection of the Crown Prince of Ajman - Richard Mille 26-02

Richard Mille must also be able to be found in the watch collection of the Crown Prince of Ajman.

One model that I want to feature is the Richard Mille RM26-02 Tourbillon Evil Eye, the timepiece that also has been spotted on [Ed Sheeran's](#) wrist.

This watch is inspired by the “Eye of Sauron” from the movie trilogy Lord Of The Rings and is limited to 25 pieces worldwide.

Retail price: \$600,000.

Watch Collection of the Crown Prince of Ajman - Richard Mille RM68-01 Tourbillon Cyril Kongo

Watch Collection of the Crown Prince of Ajman - Richard Mille RM68-01 Tourbillon Cyril Kongo

And this is one of my favorite Richard Mille watches seen on his wrist, as part of the [fun and playful rainbow watches](#) on the market.

Released in 2016, Richard Mille released a rainbow Richard Mille watch in collaboration with the graffiti/street artist Cyril Kongo. As a result, the colors are everywhere. However, the craftsmanship is stunning! As expected from a talented artist that is famous for his partnership with French fashion behemoth Hermes.

For the RM 68-01 Tourbillon Cyril Kongo, the artist created a new technology that allowed him to paint his graffiti on the watch. The practice, known as micro-painting, allowed the Kongo to apply intricate flourishes to the microscopic canvas.

Retail price: \$685,000 and limited to 30 unique hand-painted pieces worldwide.
